"The best thing about Munich
is the road to Aying..."

Aying lies south-east of Munich, just half an hour by car from the Bavarian capital. On the Autobahn München-Salzburg, take the Hofoldingner Forst exit and follow signs for Aying for approximately 8 km.

The journey from Munich to Aying only takes around 35 minutes by train (S-Bahn) too. Take the S6 train in the direction of Aying and follow signs to the new brewery, which is just 300 metres from the station.

Welcome to
the Aying
Beer Experience

Guided tour of the brewery

This privately-owned brewery situated in the heart of Upper Bavaria is one of the most advanced and high-tech in Europe. It has been designed and built according to the principles of maintaining a sustainable regional economy.

The brewing process, from the raw materials through to the end product, is a true voyage of discovery, one highlight of which is the 'Zwicklbier' test at the vat.

See, taste, feel – feast your senses.

The 3-D film and the light and sound show on the art of brewing are a treat for the senses.

The tour is followed by a tasting of our nine permanent beer types along with delicious Aying spent grain bread.

All visitors are given a souvenir of their trip to take home with them.

Guided tours are offered in German, English, Italian and French.
